UP- UND DOWNGRADE ³

Up- or downgrade - <u>Hosted Version</u>	
Explanation	Price ³
<p>Any hosted product version may be up- or downgraded to another CAL package size at any time, no additional setup or switching fees apply. Product updates to the latest available version are included in every hosted version package at no additional costs. Support is contained during the whole period of contract.</p> <p>In case the CAL package (up- or downgrade) should be switched, the current agreement will be extraordinarily terminated and replaced with a new agreement, using the new, chosen CAL package size according to the most recent pricelist. Any fees paid in advance from the previous agreement will be charged as deposit to the new agreement.</p>	See explanation!
Up- or downgrade, product support - <u>Setup Version</u>	
Explanation	Price ³
<p>GroupChat Setup versions contain one year product support and updates. Within this period, the support and update services may be extended for another year; the price is 25% of the current list price on that CAL package. For products with expired update and support contracts: Up to nine months after the last, terminated support contract, the support and update services may be renewed at 75% of the current list price on that CAL package.</p> <p>An upgrade to a higher CAL package size is also possible if the previous version is not older than 18 months. A one time upgrade fee of 79 Euro (without VAT) will apply. The upgrade price is the difference between the old and new CAL package price according to the current price list.</p> <p>Example: From 50 CAL 355,81 € to 100 CAL 641,41 €; Price: 79,- € + 285,60 € = 364,60 €</p>	See explanation!
